

Temporary Staffing Solution

As the coronavirus continues to spread in the USA, the business landscape is quickly changing. While some industries have to deal with the ongoing and worsening labor shortage, others like the hospitality industry are facing mass layoffs due to consumer demand falling. This paradoxical situation prompted us to rethink and adapt our business model to better collaborate, respond to the needs of our industry and support our team members.

In this new reality, we have developed a temporary staffing solution that will alleviate the pressure of current workforce shortages while keeping our team members working to support communities and healthcare organizations.

Benefits of our services

Short-term placements

Professionally trained team members, readily available (dining and support services)

Proper insurances and background checks

Nimble mobilization, targeted within 72 hours

You have staffing needs, we have skilled team members available... we have the vision to connect the dots. Please **contact us** for more information or visit the **Unidine website**.
