Ohio COVID-19 Testing Cycle & Reporting Period

Effective August 24th, 2020 at 12:01 a.m., all residential care facilities (RCF) are subject to the Ohio Department of Health (ODH) Director's Order and Guidelines.

Effective September 21st, 2020 at 12:01 a.m., all facilities providing older adult day care services (ADS) and senior centers (SC) are permitted to reopen with a limited capacity subject to the ODH Director's Order and Guidelines.

Per the Orders, all facilities (RCF, ADS, and SC) must ensure staff and residents/participants are tested for COVID-19, as applicable.

Each facility is required to report the results of bi-weekly testing efforts using the online reporting tool. Reporting is required regardless of whether a facility is utilizing state-supported testing or chooses to use another laboratory. All questions in the reporting tool must be fully and accurately reported within each reporting period. The reporting tool will be accessible from 12:00 am on the first reporting date until 11:59 pm on the last date of each reporting period below.
