# PDPM - ONE YEAR LATER

February 2, 2021  
1:00 p.m. - 2:00 p.m.

The Patient Driven Payment Model (PDPM) was implemented by CMS on October 1, 2019. The payment model bases payment for skilled patients on characteristics rather than services delivered. It is important for providers to understand how the new payment model is structured in order to be successful at accurately capturing reimbursement. This session will review the payment model and explain notable observations in the year since implementation.
