

## THESE HANDS

By

Molly Holland

These hands have written love letters, waved good bye, made statues, fought wars,  
designed buildings, built bridges, taught children, played board games and cards, done dishes,  
wiped spills, cleaned house, designed clothing, created art, crocheted, carried gifts, exchanged money,  
changed diapers, cleaned noses, dried tears, healed wounds, worked puzzles, made music, cooked  
delicious meals, shook hands with dignitaries, touched others, played sports, held hands, planted  
gardens, folded hands in prayer and praised God.
